## HOW TO MEASURE YOUR BODY

### A. Across Shoulders

Measure straight across from shoulder point to shoulder point

### B. Bust

With arms down at your sides, measure around the fullest part of your bust, underneath your arms.

### C. Waist

Bend at one side to find the natural crease or the narrowest part of your waist. Wrap the tape measure around this crease and bring the ends together.

### E. Hip

Keep your feet shoulder width apart and measure at the fullest part of hips.

### F. Inseam

Measure from the uppermost part of your thigh to your ankle.
